

The map displays a residential neighborhood with a grid of streets. The primary street shown is 'BERGELLERSTRASSE', which runs diagonally from the top left towards the bottom right. A secondary street, 'MICHELSTRASSE', runs vertically on the right side of the map. Buildings are depicted as grey polygons with orange borders, each labeled with a black number. Red dots are placed on various buildings, likely indicating specific locations of interest or data points. The buildings are numbered in a way that suggests a grid system, with numbers increasing as they move away from the center of the map. For example, buildings along Bergellerstrasse are numbered 1 through 29, while buildings along Michelstrasse are numbered 18 through 33b. The map also shows some smaller, unnumbered buildings and a few buildings with multiple numbers (e.g., 44a, 44b).
